

Job Description

Job details

Job title: Specialist/Highly Specialist Speech and Language Therapist

Location: We are pleased to announce the opening of our new office in Wolverhampton. This expansion will enable us to extend our services across the Midlands, allowing us to support an even greater number of children and adults with communication difficulties.

Are you ready to take the next step in your career?

ATtherapy are a thriving independent Speech and Language Therapy company who work with children and adults with communication difficulties, due to a learning disability, acquired brain injury or other physical difficulties. We have an exciting job opportunity for a speech and language therapist to join our highly specialist team consisting of speech and language therapists, assistants, assistive technologists, ATmentors and business support staff.

Summary

We are recruiting a specialist / highly specialist speech and language therapist to join our established and friendly team in the field of acquired brain injury and complex communication needs. We are proud to provide innovative, current evidence-based therapy approaches. Our mission is to build richer lives through communication. We are looking for a therapist who can work on their own initiative as well as part of our North West team whilst we establish the service further South. We support both adults and children with complex communication needs and dysphagia.

Our Approach

Our team provides an exceptional quality of direct and indirect intervention for clients with a wide range of communication challenges. We support clients and their families/teams to achieve the best that they can achieve and become as independent as possible with their communication. The clients and their families remain at the core. We value greatly the importance of working as part of a multi-disciplinary team with other professions and support clients from a range of funding backgrounds including local authorities and those in the medico-legal system.

Our Offices

Our head office base is in the North West, in Oldham. We also have an office in Gateshead in the North East and this will be our third office, located in the Midlands, specifically Wolverhampton.

Our Team

We employ therapists with a wealth of specialisms and levels of experience. We are all passionate about making an impact and exuberate positivity. You will be working as part of a friendly and skilled team to provide the highest quality clinical intervention to children and adults with brain injury through being the leading experts in the field of brain injury and communication. At ATtherapy, we encourage innovation and work collaboratively to engage in research and participate in a range of innovative projects. We have visiting academic status with Manchester Metropolitan University.

Benefits

At ATtherapy, it is our priority to ensure that our staff receive valuable benefits for their work. We pride ourselves in providing the following:

- Flexible working hours to promote work-life balance
- Employee assistance programme providing counselling and support services
- Pension scheme
- Access to personal equipment such as: iPad, laptop, printer, laminator
- High levels of supervision and training within the team
- Excellent CPD opportunities, building skills in line with interests and specialisms, including inhouse CPD days
- Salary above NHS Agenda for change pay scales
- Trauma informed and neurodiverse team

Part-time or full-time working will be considered for this post. A driving licence is essential. For more information, contact hayley@attherapy.co.uk. To apply, submit your CV to Hayley via email or through our website.
