

Milly Wyatt

Specialist Speech and Language Therapist

Health and Care Professions Council number: SL039007

Royal College of Speech and Language Therapists registration number: RC0040976

Personal Profile

I am a passionate Specialist Speech and Language Therapist with a specialism in social, emotional and mental health (SEMH) and higher-level Augmentative and Alternative Communication (AAC). I have an interest and experience within the areas of Selective Mutism (SM), AAC & literacy and aim embed trauma informed practise throughout my work. I am committed to working closely with young people and their families and I believe building a trusting therapeutic relationship is crucial to all therapy. I am also a Dysphagia trained therapist, and I enjoy working with clients to develop their understanding of their eating, drinking and swallowing (EDS). I aim to provide the best quality therapy and support for my clients in order to support them to achieve their goals and empower their independence.

Professional Qualifications

[Manchester Metropolitan University: MSc Speech and Language Therapy \(Pre-Registration\):](#)
Graduate in September 2021

[Edge Hill University: Bachelor of Science with Honours in Sociology – Honours Degree – Upper Second Class](#)

Employment History

[ATtherapy, Specialist Speech and Language Therapist · September 2021 - present](#)

Within my role at ATtherapy, I specialise in working with children and young people with social, emotional and mental health (SEMH) needs and high level AAC users. I have an interest in AAC & literacy and believe by developing literacy skills we are empowering AAC users to develop the skills required to communicate as freely as possible without the contrasts of a symbol-based vocabulary system. I am a trauma informed practitioner and aim to develop safe and trusting therapeutic relationships with my clients and their families. I am also a dysphagia trained therapists and support clients with eating, drinking and swallowing.

I have experience in support clients in a number of ways, including but not limited to:

- Emotional regulation
- EDS capacity building
- Social understanding and social problem solving
- Identity work
- Understanding sex education and relationships
- Inferencing and verbal reasoning skills
- Stammering affirming therapy
- Literacy
- Implementation of AAC systems
- Selective Mutism
- Sentence building and narrative work

I put my clients at the centre of all that I do and aim to provide bespoke and individualised therapy, programmes, training and support.

I work with both adult and paediatric clients, but my caseload is largely paediatric. I cover the North West and travel to my clients home, schools and Colleges to provide support.

Manchester Metropolitan University, Student Placements, Student Speech and Language Therapist
· September 2019 - July 2021
