

Ruby Curtis

ATmentor

Personal and Professional Profile

I'm an enthusiastic person looking for experience of mentoring individuals with additional needs. I'm caring, friendly and I love trying new challenges.

I have been using AAC since I was two years old and I always had good support. I use a TobiiDynavox eye gaze camera on the grid pad 13.

I am located in the North East of England.

I find it really rewarding to see people progress and I would love to know that I have been part of that.

I have a mentoring qualification which made me more aware of the mentoring roles. I enjoy working with kids the most because I'm patient and I know what it's like to start AAC.

Personal Interests

I enjoy playing Boccia, which includes travelling around the UK for competitions. This led me to being in the England Futures squad, where I have input from a Boccia England coach. I intend on doing a leadership course in the near future to progress in my sport

In my free time I love hanging out with friends and family, we go on family holidays every year and I really enjoy spending this time with them, we just chill and have a laugh together.

I also enjoy listening to music and shopping.

My goal for the future is to work up the AT mentor system because I can gain as much experience as possible and help people.

Key Skills

- Understanding of social media uses on AAC devices.
- Quick communicator with AAC device.
- Knowledge of disability sport Boccia.
- Good communication skills.
- Excellent team player.
- Microsoft office experience.
